

The timber treatment operations of

Timbmet Ltd

White Horse Business Park, Ware Road,
Stanford in the Vale SN7 8NY

have been assessed and certified as meeting the requirements of
the Wood Protection Association

Benchmark Quality Scheme

for the fire retardant treatment of the components listed below
in accordance with the standards and practices defined in the
WPA Flame Retardant Specification Manual.

FR Scheme

Wood and wood-based materials pre-treated with
Lonza Wood Protection flame retardant treatment
for INT1 and INT 2 applications to meet Euroclass
B and Euroclass C requirements.

Detailed clarification of the scope of this certificate and the
applicability of the Benchmark quality scheme is available from
the Wood Protection Association.

The scheme does not confirm compliance of the fire retardant
used with British or European Standards or other specifications -
that is the responsibility of the fire retardant manufacturer.

This certificate of conformity is valid from the date indicated for
twelve months and remains valid subject to satisfactory
surveillance visits.
