

Greenlam
LAMINATES

DOOR COLLECTION

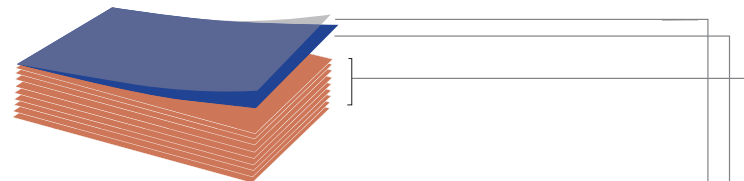

DOOR COLLECTION

Greenlam Industries Limited is a leading innovator and manufacturer of laminate solutions. With two manufacturing facilities with a combined output in excess of 44.56 million square meters per annum, Greenlam's broad range of products are widely specified and chosen in over 100 countries. The partnership with Timbmet ensures a significant investment in stock on the ground with industry leading service standards.

The Greenlam Door Collection brings in 8 new decors to complement its market leading range. This means that specifiers and designers can continue to specify Greenlam decors to ensure visually stunning and durable results across their projects. Greenlam products lead the way in terms of durability and performance. All decors and formats are delivered with an effective Peel Coat Protection (to be removed before any postforming) to meet the needs of fabricators and installers. All decors are available in standard and wide sheet formats, with the added benefit of wider sheets all being able to be postformed.

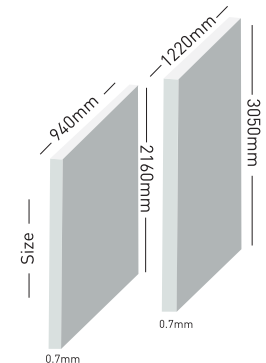

HPL (HIGH PRESSURE LAMINATES)

Protective surface (for print decors) impregnated with melamine resin

Decorative paper impregnated with melamine resin

Kraft paper layers impregnated with phenolic resins

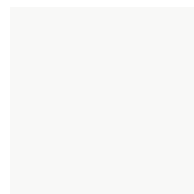

Texture: Suede

SOLIDS

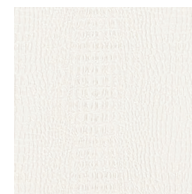

This full spectrum of colours allows the freedom of design required for modern interiors. Large sheet formats can be postformed or flat bonded as required.
