LAMINATES

HPL COLLECTION

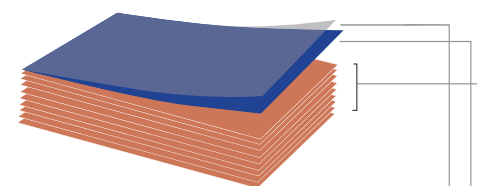

HPL COLLECTION

Greenlam Industries Limited is a leading innovator and manufacturer of laminate solutions. With two manufacturing facilities with a combined output in excess of 44.56 million square meters per annum, Greenlam's broad range of products are widely specified and chosen in over 100 countries. The partnership with Timbmet ensures a significant investment in stock on the ground with industry leading service standards.

The Greenlam HPL Collection brings in 25 new decors to complement its market leading range and introduces its stunning new VRB textured woodgrains. This means that specifiers and designers can continue to specify Greenlam decors to ensure visually stunning and durable results across their projects. Greenlam products lead the way in terms of durability and performance. To assist the fabricator and installer all plain colour formats are delivered with an effective Peel Coat Protection to prevent damage (this should be removed before any postforming). With many specialist value added enhancements the complete range ensures that the collection meets the broadest functional and design aesthetics in the most demanding environments.

HPL (HIGH PRESSURE LAMINATES)

Protective surface (for print decors) impregnated with melamine resin

Decorative paper impregnated with melamine resin

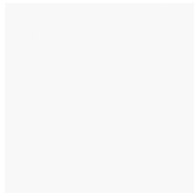

Kraft paper layers impregnated with phenolic resins

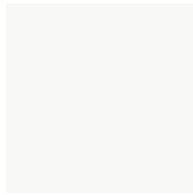

Textures : AFX, Suede, Gloss, VRB, Brushed

AFX – THE ANTI-FINGERPRINT SOLUTION

Design trends for supermatt finishes have often been held back by the issue of finger-prints on surfaces. Greenlam-AFX laminates with its industry leading Electron Beam Cured (EBC) surface, now allows designers and specifiers to achieve these effects with the benefits of finger-print resistance, scratch resistance and a durable low maintenance soft-touch finish.

Why

- Anti-fingerprint
- Produced with Electron Beam Curing (EBC) technology
- Easy to clean and soft touch

Where

- Retail counters
- Kitchen interiors
- Bathroom interiors
- Furniture and wardrobes
- Door faces

What

- Sizes: 3050 X 1300 mm
- Thickness: Customised thickness available on demand
- Colours: White, Black, Grey
- Surface: Zero Reflection Matt Finish

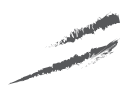

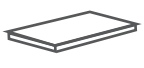

THE HPL COLLECTION

DECORATIVE SURFACING AT ITS BEST

This comprehensive collection ensures that the specifier, designer, fabricator and installer can rely on Greenlam to meet their project needs. Available through our exclusive distributor Timbmet Limited, we now have two trusted brands that have united to meet the industry's needs with a comprehensive stockholding available for national distribution.

PERFORMANCE LEAD PRODUCTS FOR ALL ENVIRONMENTS

MORE REASONS TO USE GREENLAM LAMINATES

 <p>Anti-bacterial</p>	 <p>Resistance to harmful chemicals and organic solvents</p>	 <p>Hygienic</p>	 <p>Environment friendly Green DNA</p>	 <p>Scuff-resistant</p>	 <p>Resistance to fire</p>
 <p>Wet-heat tested</p>	 <p>Dry-heat tested</p>	 <p>Greater dimensional stability</p>	 <p>Abrasion-resistant</p>	 <p>Scratch-resistant</p>	 <p>Emits low fumes</p>

OUR COMMITMENT TO QUALITY ASSURANCE

Safe and Healthy Living alongside Greenlam Products

The entire range incorporates Safeguard Plus™, a revolutionary development that retards the growth of the vast majority of common bacteria. This means our products are ideal for laboratories and kindergartens, to offices and domestic environments.

GREENGUARD Certification Program

GREENLAM® laminates are classified under the Low Emitting Product category when measured for potentially harmful emissions. This is an assurance that our products are ideal for use in interior environments where air quality is vitally important.

GREENGUARD Gold Certification

This certification, with a stricter criteria, means that **GREENLAM®** products are suitable for use in environments where children spend significant periods of time, including schools, daycares and healthcare facilities.

GREENLAM® products have been awarded CE certification which is given to those manufacturers who declare that the product complies with the essential requirements of the relevant European health, safety and environmental protection legislation, in practice by many Product Directives. CE Marking on a product indicates to government officials that the product may be legally placed in the market in their country.

All **GREENLAM®** Laminates are certified by prestigious American body, NSF International, making them the safest laminates for human health. Our surfaces can be used in situations where they will have direct contact with food. "Our surfaces have also been tested in accordance with EC directive 1935 with regards to food safety. Our products were proved fully compliant through testing to the demanding EU Food Commission Regulation 10/2011 with successful testing to BSEN 1186-1:2002, BSEN 1186-3:2002 & BSEN 1186-14:2002".

The FSC certification is considered the "gold standard" designation for wood harvested from forests that are responsibly managed, socially beneficial, environmentally conscious and economically viable. If a product, like a piece of tropical hardwood furniture, is labeled as "FSC Certified", it means that the wood used in the piece and manufacturer that made it met the requirements of the forest stewardship Council. All products manufactured by **GREENLAM®** for this HPL collection are FSC certified.

GREENLAM™ products are tested in accordance to BS EN 438 – 2 and strictly conforms to all the testing standards for dimensional stability and performance levels such as boiling water, moisture, impact, scratches and stains resistance.
