The Timber	There is no distinction by colour between sapwood and heartwood colour can vary from pale brown to reddish brown. <u>Colour No Defect</u> allows unlimited colour on both faces Typically straight grained with a fine even texture
Colour	Light Pink to Dark Red (Unlimited colour on both faces)
Density	670kg/m ³ – 720kg when dried
Durability	Perishable
Movement	High
Drying	Although it dries fairly rapidly, it is moderately refractory tending to twist, warp, check, split and shrink considerably.
Texture	Fine
Working Qualities	Works fairly readily and is capable of a good smooth finish, turns well takes glue readily.
Uses	Interior Joinery , Furniture Mouldings
Comments	Colour No Defect is mainly suitable for paint finished applications.
