

Harmony

IMPRESSIVE LEVEL OF REALISM

This is our new texture. A synchronized embossed structure where the woodgrain texture exactly matches the twists and turns of the woodgrain image. An ultra realistic representation of oak and chestnut in a selection of shades, with plenty of action in these vibrant character patterns.

Kronodesign® TIMBMET STOCK LIST 2023

A WORLD OF DESIGN POSSIBILITIES™

55 INSPIRING DECORS, ALL WITH MATCHING EDGING

This is our stunning range of 56 carefully selected, on-trend decors, unique to Kronodesign® and all available for next day delivery. Kronospan's ongoing research of global trends makes this a collection of realistic woodgrains, stone effects and distinctive unicolours, guaranteed to inspire creativity for the best in surface design. In addition to our selection, the entire Kronodesign® Global Collection is available to order, you can see them all at www.kronospan.com

DESIGN TO INSPIRE

This is a selection of decors collated specifically to inspire the design conscious stylist. Based on current and upcoming trend forecasts this is a palette aimed to satisfy the needs and ambitions of any interior designer.

KRONODESIGN® COMBINATIONS

Mix and match, complement and contrast. Put a rustic woodgrain against a cool unicolor, try a textured concrete with a character oak, the combinations are endless. Make every kind of style statement with creative pairings from this inspirational collection.

TOUCHES OF TEXTURE

This collection is rich with texture. The Harmony decors feature a synchronised embossed texture, reaching another level of realism where the texture perfectly matches the woodgrain image. Then there are the Pure Wood boards (identified by PW in the décor reference), realistic timber designs with a semi-matt finish that have the look of a lightly polished veneer. Or the Rust finish RT that is a textural hybrid of concrete and metal, and unique to Kronodesign®. Satin, Supermatt and Mirror Gloss are just some of the other finishes to choose from, and all have the manufacturing benefits of Melamine Faced Boards; strength, reliability, easy to work and a consistent performance
